Subject: Ordinance No.        ord.\_667 AMMON (CITY)

Dear Ms. Buchan:

The Tax Commission has received and reviewed the above referenced action. This review cannot be completed and recognized because the following deficiencies were found:

- The map submitted is insufficient to accurately identify the area of annexation. The map does not reference the Public Land Survey System (PLSS) and does not include the metes and bounds from the legal description. Please provide a record of survey map or equivalent.

Please make these corrections, have the ordinance re-recorded, and re-submit to the State Tax Commission in compliance with I.C. 63-215 and IDAPA Rule 35.01.03 255.

Before this annexation/de-annexation can be processed for the 2022 year, the deficiencies listed need to be corrected. Failure to correct these deficiencies will result in the above referenced action not being recognized by the Idaho State Tax Commission, pursuant to its authority under Idaho Code Section 63-215. Thank you for your attention to the required legal descriptions and mapping requirements. If you have any questions, please call us at (208) 334-7750.
